

February 2010**Completed Projects:****Riverstone Early Care and Education Campus, Lone Tree, CO**

Client: Catlin Properties

Contractor: JB Olsen Construction

This 15,500 sf child-care and learning facility was completed in Dec, 2008. A large indoor play area is a central feature in the building. The center has an arts room and a computer room in addition to

individual classrooms for various age groups. The outdoor play area is another spectacular feature of this project. An outdoor mural painted on a site retaining wall, visually extends the playground into a Colorado mountain landscape.

Voyager Business Park, Colorado Springs, CO

Client: Voyager Business Park, LLC

Contractor: Osprey Co.

This is a unique office/warehouse condo project 24,000 gsf consisting of 8 condo units. Each unit has a partial 2nd story that can be used for office or storage space. Construction was completed in October 2008.

**Company News:**

Andy Olree, Principal-in-Charge of the Design Edge Denver Office, has received his Wyoming Architectural license. Also, Design Edge, P.C. is now a registered business in Wyoming.
